1. After waiting a while to hear about what our budget for the upcoming year, I called our club advisor Joni Pease. It took a while to reach her, which is why this notice is a little late. The first thing that she told me is that because we are still a club on probation we get no budget for the upcoming year. When my heart started pumping again she explained that until we become an official club we may still make purchases, pretty much as usual, but we should let her know before hand what books we intend to buy. This is no hardship on anyone but our loyal expediter who will have to make one extra phone call in ordering books. Sometime in March we will be an official club and at that time we will be allotted a budget. In the mean time the library continues to have all books at least three weeks prior to the time they are discussed, so the budget is no hardship on the discussions.

2. Attached to this notice is a list of the club's library holdings provided by the incredible Mr. Ditch.

3. We are now up to an even score of members with the addition of George Yates of 3113.
