People who have not already informed me that they intend to remain in the club should tear off the last page, fold it with your name inside and my name outside, staple it if possible, and drop it in your mail. Bell Labs Clubs requires that we prune from our membership lists all people who do not indicate that they wish to remain members. People who have not yet indicated that they wish to remain members for the upcoming year are the following:

David Butler  
Neil B. Cohen  
Doug C. Donohoe  
David E. Donohue  
Blaine Garst  
Robert Hallock  
Marshall Isman  
John Jaworski  
Donald Johnson  
Roy Krupp  
George MacLachlan

Linda Mansfield  
Mark Mueller  
Barrett S. Robb  
Gary Streable  
David Ungar  
George H. Yates

Any of the above people who does not respond by July 4 will be dropped from the membership/ mailing list on July 5. They will, of course, be able to re-join through the usual methods but until they do they will suffer ignominious non-membership.

1. We meet this week on Wednesday to discuss STAND ON ZANZIBAR by John Brunner. We should also discuss new activities for the club and rescheduling of discussions for books that have proved to be unavailable.

2. Mr. Ditch has been empowered to improve the library by trading off second copies of books already discussed for different books or for 2/3 cover price. The former is our preference, but proceeds from the latter will be used to buy books for the library.

3. I have been asked by a couple of members where the story UGLY LITTLE BOY by Isaac Asimov has been published. The following are books containing the story:

DIMENSION X edited by Damon Knight  
NINE TOMORROWS by Isaac Asimov  
TOMORROW'S CHILDREN by Isaac Asimov  
WORLDS OF SCIENCE FICTION edited by Robert P. Mills

4. Evelyn and I will put on loan to the library copies of SCIENCE FICTION & FANTASY BOOK REVIEW as we get them. This is a magazine that reviews new books and should be of some interest.

5. Included in this notice is a listing of the library's current holdings.

Mark Leeper  
HO 1B-512 x7093
