1. Fantasy fans, your time is coming. Our next discussion will be of the beloved fantasy classic, THE RIDDLEMASTER OF HEAD by Patricia McKillip. I am sure you remember many happy nights before bedtime, sitting skrunched up on the bed while Mummy or Daddy read to you the exciting adventures of Morgon in the marvelous land of Hed. It seems like only yesterday, doesn't it? That's because the book was first published in 1976, so it really was fairly recently. I've been meaning to ask you about that. Why does someone your age need Mummy and Daddy to read to you? I mean it, you are the only person I know who is willing to be mollycoddled by your parents like that. Why don't you grow up and start behaving like an adult? I mean there is such a thing as carrying preppy-ness too far.

2. Our next -- and probably last -- video meeting will be a showing of TIME AFTER TIME. With Malcolm McDowell, David Warner, and Mary Steenburgen.

3. Included in this notice are some reviews and an index to previous issues.
